should simply be instructed to eat, and if they are hungry they should set whatever they want. A glass of milk and a biscuit

is sometimes all that can be taken at first, or mashed potato buttered. If possible

the night meal should be taken in another

room than the sleeping spartment, and for

men in the city it will be found advan-

There is a popular superstition that grown people should not eat immediately before going to sleep; that it will give them indigestion or nightmare, or both. The writer

WICHITA MARKETS.

Receipts of Live Stock at the Union Stock Yards during the past 24 hours-28 cattle, 1,273 hogs, and for the week just closed 1,157 cattle, 10,850 hogs, 666 sheep, 75 calves and 65 horses The bulk of the week's cattle supply were through cattle which were held over for feed and rest. There was a little more activity on today's market, but not very many cattle changed hands. Speculators seem to have let the market alone nearly all week. Today's close shows very little improvement in either demand or prices. Kansas City reported cattle about 10 cents higher, The hog receipts were quite liberal for closing day. The competition was rather active as Armour's buyer was again on the market and paid 21-2 cents more than the local packers. Bulk \$3.37 1-2 to \$3.40. Market closed strong at \$3.40.
